GRAND DEMOCRATIC RALLY

which the Gazatta Did Not Report KELLER, TRY., Oct. 10, 18:5. To the Call.

The public will remember that it has testimony that will come to the front in | been advertised for some weeks that there apport of the remarkable suit-now on would be speaking by the Democratic table-of Mes Kate Keight Elwards of candidates (so called) at Keller on the 19th inst. The time came as time and tide waits for no man, and B P Ayres and I. D. Parker, two of the Gregular numnees," hied themselves to the spcointed place in bright anticipation of sving a big crowd of voters to whom they could make strong appears to come ack into the "grand old party." They reached Keller in the afternoon (the speaking was to be at night), and on viewing the situation he suspected comething wrong and got a move on almself and went down to Smithfield where the Independents were to speak and where he knew there would be a crowd Mr. Ayres west up to Dr. Wilon's and was there joined by Mr. Don shown by the primaries to night that Hightower. When the time for speaking arrived a man was sent down to the school house to light up and ring the call. The house was lighted and the bell was rung for two hours, and not a single soul, saint or sinner, put in an appearance. Mr. Ayres remained in the village of Keller until the midnight train came along which he boarded for Fort Worth. This "Democratic rally" was such a complete failure that even THE GAZETTE could not report it. If bree voters had been present THE GA ZETTE Would have reported a big crowd

turned out it had to remain mute.

The above, which purports to be the reort of a grand Democratic rally at Keller, was viewed from a Non-Pertisan standpoint, and is about as near the truth as they ever get in political matters,

and much enthusiasm, but as nobody

fo the Gazetta.

cinity, we would not stoop to notice it.

The facts are these: The Democratic executive committee made an appointment for speaking at Keller on October 9. 1888, at 7:30 p. m., and Mr. Ayres was requested to speck. The train being late, he did not arrive until 8:20 p. m., one hour after the time for speaking. The crowd which had collected had mostly gone home, and of course there was no

paking. Mr. I. D. Parker came in the morning and circulated freely among his friends, with no intention of speaking at Keller, ield, where had he previously made an

spholetment to speak.
"Voter" says the belt was rung two ours and not a sain', sinter or soul put in an apparance. This is false. There were present Dr. J. B. Boyd, Dr. S. M. Visco, T. B. Dougless, William Crawford, H. Cock, D. H. Heightower and thers, that we do not now recollect. As oringing the bell it was only sounding the death knell of the "Hybrid." ' Non-Partisar," Independent, Fort Worth "Gall) Call party, now as to the voter who wrote the above, he knows that it is talse in every particular, corceived in prejudice, born to correption and intendd for political purposes to bolster no a and cause which cannot five and will die the destit it deserves on November 6.

We would be pleased to have the fivoter" or writer of the above fabrication give his t.ue name and not get cohind a false cognomen to spit his venem at the respectable people of this town and vicinity, for it is well known to Voter that this bex will go Democratic in the next election. Respectfully, D. C. HIGHTOWER,

N. B. We would suggest to "Voter" that our names are not public property. and it would be more pleasant in the future to us to not have them paraded before the public in connection with such false statements as appears in the above communication.

ectal to the Gazette.

WEIERSBORO, TEX , Oct. 11 .- Dr. W. W. Graves, Indian agent at Anadarko, I. T., arrived in the city this morning and will spend a few days with his old Cotton has been coming in rather

slowly since the last few days on account of the decline in price. With a late fall a. very satisfactory yield will be had.

Ready to Arbitrate.

BEVIER, Mo., Oct. 17 .- The coal miners strike will probably end without further bloodshed. Last evening the operators and miners' committee announced themselves ready to arbitrate.

itcher's Castoria.
